Parent/Guardian Permission Form – Sharing of Information of Grade 12 Students

Richmond Education Centre/Academy and the Strait Regional Centre for Education believes strongly in the need to protect the privacy of all students and recognizes the issues around the publishing of student images and personal student identifying information, especially on the Internet and social media sites. However, we believe that the showcasing of students, and their work, activities and achievements, is an important part of school life and can be a very positive experience for students. Therefore, it is the practice to have written informed consent from parents/guardians before any personal student identifying information, including name, grade, school, video/voice/audio recording, images (photos) of students and/or student work, is used in print, online and in social media (Facebook, Twitter, etc.), and prior to any student media interviews. As a result, we are seeking your permission to publish and release the personal identifying information of your graduate as noted above.

I consent to the release of my graduate's personal identifying information as noted above to the media/public (including MLAs and MPs) in relation to graduation events, awards and accomplishments as noted above.

I do not consent to the release of my graduate's personal identifying information as noted above to the media/public (including MLAs and MPs) in relation to graduation events, awards and accomplishments as noted above.
